Thank you for purchasing the Fantasy Grounds Meanders Map Pack: *The Faelands*. From opening up the Sea with an Ocean Map and allowing DM's to edge five core terrain types to the sea, players are now less land-locked. Shipwreck them on a Reef, float them in the High Wave Swell and join to (or depart from) a wide variety of new terrain types including Arctic Tundra, Marsh, Savannah, Alpine Mountains and Grassplains. Have them delve into all-new Jungle Ruins or inspect an Archaeological Dig Site, Visit a Hobbit Hillside or Journey to a Valley of Giant Crystals. Emphasis has been placed on providing interesting entrances/exits into and out of maps and the ability to transition deeper with a selection of Temple, Cave and Castle Exteriors - and - maps to suit the interiors such as a Crypt, Mine or Castle Courtyard.. Let the roads and rivers of previous sets combine with these new meanders to lead your adventurers to exciting new destinations pre-sized and displayed for optimal selection.

Maps are sized specially for FG at 1350x900 and under 500 kb each to help prevent slow-down during play. The maps are sized to perfectly fit a 50 or 60px grid that you can manually place over the top of the map using Fantasy Grounds - see 'Hot Tips' at the base of this document for help on doing that.
